

domain model

FR018 — sources/domain_model.md

Masterclass source package snapshot

Functional Requirement	FR-018
Edition	Engineering Learning Academy — Source Package snapshot
Status	
Audience	Academy generation and study (snapshot; SoT remains authoritative)
Document type	Source package snapshot (PDF)

Faithful rendering of a regenerable Masterclass source snapshot. Do not hand-edit; regenerate via python scripts/build_masterclass_package.py. Repository documentation remains the source of truth.

Contents

Opportunity Discovery & Acquisition (FR-018)

Opportunity Discovery & Acquisition (FR-018)

Maps to: FR-018 (**Complete / Frozen / Accepted** — [eval/fr018_opportunity_discovery_acquisition.md](#))

Lawful channel adapters under a thin ingress into frozen Horizon 1A:

- **URL channel** — owner-supplied SEEK (production) / LinkedIn / Indeed (attempt).
- **Email channel** — owner-saved job-alert `.eml` ; job URL is the durable identity facet; alert body is **discovery**. When the alert is card-only, enrich via existing URL acquisition (fail-soft). Provenance stays `source_kind=email`.

Email is not an authoritative job description. Playwright / IMAP / Easy Apply are out of FR-018 freeze scope.
