FR018 — sources/testing_strategy.md

Masterclass source package snapshot

Functional Requirement	FR-018
Edition	Engineering Learning Academy — Source Package snapshot
Status	
Audience	Academy generation and study (snapshot; SoT remains authoritative)
Document type	Source package snapshot (PDF)

Faithful rendering of a regenerable Masterclass source snapshot. Do not hand-edit; regenerate via python scripts/build_masterclass_package.py. Repository documentation remains the source of truth.

FR-018 coverage (M1–M4 — frozen)

FR-018 coverage (M1–M4 — frozen)

FR-018 is **Complete / Frozen / Accepted** ([eval/fr018_opportunity_discovery_acquisition.md](#); ADR-010). M1 freezes discovery contracts ([eval/fr018_m1_discovery_contracts.md](#)). M2 adds executable URL ingress ([eval/fr018_m2_url_discovery_ingress.md](#)). M3 hardens SEEK + TLS and documents LinkedIn/Indeed limits ([eval/fr018_m3_production_hardening.md](#)). M4 adds email job-alert acquisition with URL enrich ([eval/fr018_m4_email_job_alert_acquisition.md](#)). M0: [eval/fr018_m0_engineering_spike.md](#).

Area	Coverage
Contracts	<code>OpportunitySource (url email)</code> , <code>DiscoveryRequest</code> / <code>DiscoveryOutcome</code> , <code>Protocol</code>
Provenance	<code>assert_url_acquisition_provenance</code> , <code>assert_email_acquisition_provenance</code>
URL adapter / thin ingress	Fake HTTP fixtures; SEEK production; LinkedIn/Indeed attempt + fail-closed
Email adapter (M4)	<code>.eml</code> fixtures; SEEK/LinkedIn/Indeed; digest expansion; URL enrich + fail-soft; definite skip
TLS (M3)	<code>build_default_ssl_context</code> / <code>truststore.SSLContext</code>
CLI	<code>cic opportunity discover</code> , <code>cic opportunity discover-email</code>
Unit	<code>tests/unit/discovery/</code>
Live acceptance	LinkedIn <code>.eml</code> → enrich → full Horizon 1A; re-run skipped=6
Network / IMAP / Playwright	IMAP/Playwright out of scope ; CI offline; live SEEK URL validated; email = owner-supplied files
Acceptance	eval/fr018_opportunity_discovery_acquisition.md
